Info about team / contacts

Footers

* like evernote.com

Schedules - desktop

* Click on course:

- view prereqs / sections / instructor

* List of sections

- Bright if active
- Grey if overlap with higher priority / inactive.

* Sidebar scrollable?

* Need to decide which parts to fix / absolute

* On mouse over on sidebar

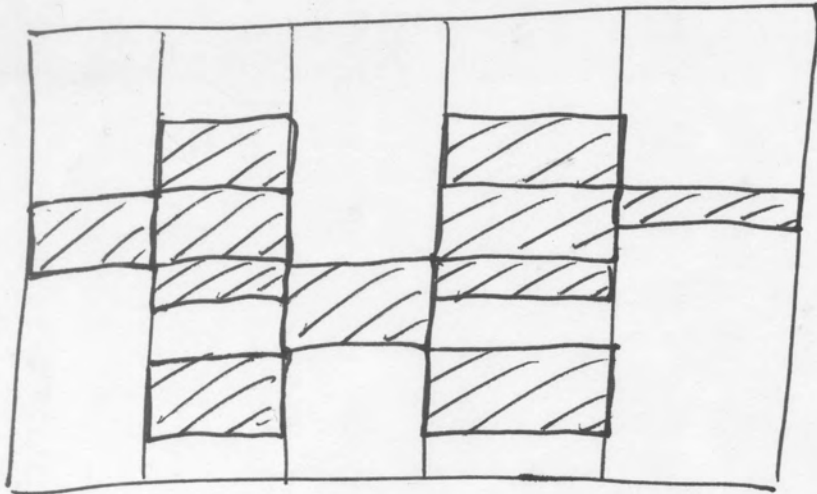

- Low opacity: other courses in cal view
- Brighter colors for active course.

* Animated expand / collapse

* Drag and drop to change priority / reorder

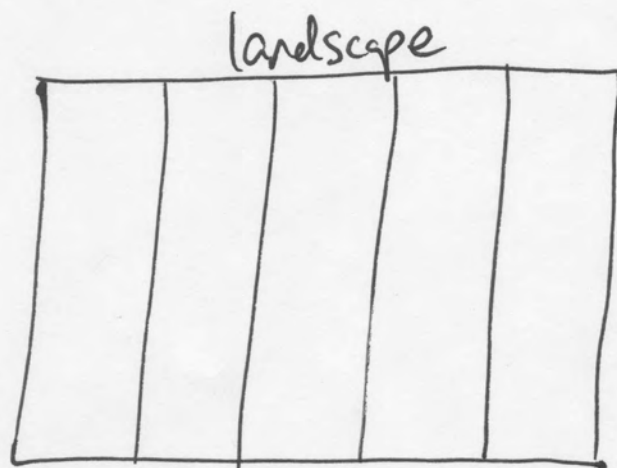

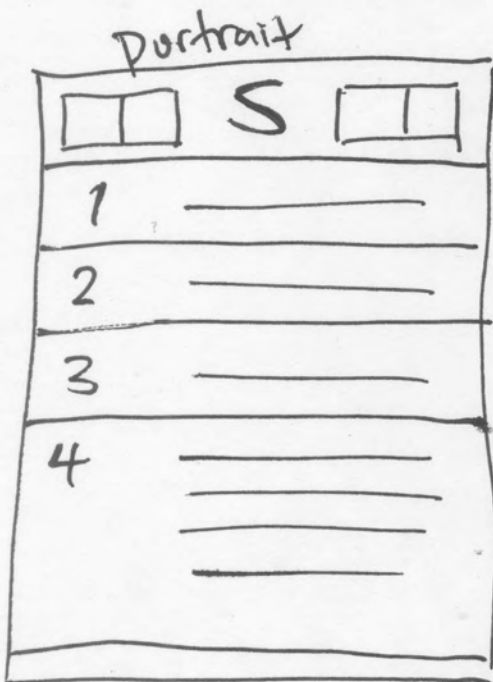

* Higher priority have precedence when choosing timeslots.

Calendar View - desktop

* Use muted flat colors (chosen from predefined palette).

Calendar View - mobile

* Kind of like the sidebar extracted out.

* Calendar view 100% of screen real estate.

* Auto switch upon rotation.
